

About us

Staffbase helps large organizations provide a best-in-class employee experience to their diverse, disconnected and distributed workforce.

Yes! Effective internal communication creates real business results.

It's time to bridge the gap. Your people are your company's most valuable asset, but they can only contribute the full measure of their talents and skills when they are informed and engaged. Traditional channels are missing the mark. Today's communication is digital and "digital" means mobile-first. Invest in a platform that prioritizes your people and purpose. Revitalize company culture with communication that hits home. Brand your employee experience. Boost engagement by enabling bottom-up communication. Make a tangible difference with your employee communications platform.

Staffbase provides branded solutions for more than 1000 leading companies worldwide who are transforming their employee experience

Staffbase solutions are ideal for large enterprise businesses with 500 to 500,000 employees

There are currently more than 2 Million users of Staffbase solutions reached

How Staffbase Works for You

Internal Comms

Start the conversation that puts internal communications at the center of your employee experience.

IT

Spend less time managing multiple tools and more time on strategic work, by choosing a secure, and scalable partner.

Business Leaders

Lead innovatively, increase transparency, and achieve positive business results by prioritizing communications.

Human Resources

Streamline onboarding and other vital processes. Digitalize policies and guidelines to meet employees' changing needs.

Choose what's best for your business and level up with one click

Internal Communications App

Your digital internal communications, faster, simpler, and more accessible. The ideal addition to or replacement for your print employee magazine.

Employee App

Take the internal communications app to the next level. Give employees everything they need to navigate their workplace, while increasing relevance and engagement for your content.

Employee Experience Intranet

The first ever intranet for everyone. Ideal for companies who want to offer every employee a best-in-class experience, simple and personalized to them.

Six reasons leading enterprises work with Staffbase

1

Finally reach the frontline

No matter if your employees work in an office, are on the road, or on the other side of the world, your employee app is there. With Staffbase, you can integrate, engage, and communicate with all of your employees easily and quickly, on a unified platform.

2

No training needed

Our employee app is developed and designed with your accessibility and intuitive user experience in mind. Easily broadcast and manage content with our straightforward publishing system. The analytics dashboard makes measuring your entire communications strategy a snap.

3

All about branding

You don't get just an app. You get your app! Everything from color and icon selection to your app name is personalized by you. Drive engagement and advocacy with a piece of company culture your employees always carry with them.

4

We think mobile-first

With Staffbase, your employees always have the information they need at their fingertips. Our app runs on all mobile devices, connecting everyone in your company. For desktop workers, we offer flexibility with our web application featuring the same great functionality as mobile.

5

We'll never leave you hanging

Transforming your internal communication strategy can be a long journey. But don't worry: From day one to launch, we are by your side. After a successful roll out, our customer support stays on your team, ensuring your app continues to work best for you.

6

Out-of-the-box integrations

You don't have to abandon all your trusted tools. With Staffbase, you can integrate the software your organization relies on like, SAP, Microsoft 365 and SharePoint. Let us be the front door to your digital workplace, with an app that grows with your business.
